## CUSTOMER SUPPORT

### The Case dealer: Your professional partner

World-class construction equipment is just the start with Case. Consider your Case dealer your partner to find the right options for you to meet your job demands, including maintenance options, financing, attachments and the right machine size.

Case dealers help you maximize machine uptime — and profit from high-tech tools designed to track equipment and manage a fleet, to service solutions performed right on the job site, Case dealers take the worry out of managing equipment.

Case dealers stand behind the equipment they sell with the strength of factory-trained technicians, a global parts network and outstanding warranties. To get through those high-demand projects, you can rely on your Case dealer for complete purchase, lease and rental solutions.

Your local Case dealer offers flexible financing options, leasing packages and insurance services to protect your investment.

You need more than great equipment. Case dealers deliver.

## MATERIAL HANDLING FOR THE MOST DEMANDING APPLICATIONS

You need a reliable, durable and comfortable forklift to do your job. You need a Case G Series forklift. Choose from three heavy-duty models the 585G, 586G or the 588G to meet your material handling needs.

For those long hours on the job, the G Series offers easy-to-operate controls, a choice of seats, and operator compartment entry from either side. Load control is available for smooth operation and minimal chain stress for reduced maintenance cost.

The G Series forklifts are an industry leader when it comes to low ownership cost. The reliable Case 4-390 engine and powertrain have a two year, 2,000 hour warranty – one of the best warranties in the business. The roller mast design and self-adjusting wet disc brakes increase component life and reduce maintenance cost. Use the Case Flexible Protection Plan to increase your forklift resale value and uptime. The G Series forklifts are among the fastest in the industry with a maximum lift speed of 105' (32 m)

per minute. And when you need to maneuver in tight spaces, the G Series forklifts have zero tail swing, a maximum width of 88" (2.24 m), and 55° axle turn angle to provide a narrow turning radius.

Speed, strength, economy – you'll find all that and much more in the Case G Series forklifts. Visit your Case dealer today to find out about these outstanding forklifts.

Field of vision is crucial for forklift operation. The tapered hood and wide-channel dual-mast cylinders provide excellent visibility to the work area, and the compact, low profile design makes the G Series forklift a stable machine.

Mast sizes range from 15' (4.57 m) to 22' (6.71 m) with two freelif mast available for the 586G. Maximum lift capacities range from 5,000 lb (2268 kg) to 8,000 lb (3628 kg) to provide the lift you need for your material handling jobs.

Convenient service access saves time during daily checks and contributes to overall productivity.
